I am 18 and have a beautiful voice and a real sexy personality i know that i could make great success in this buisness. I have never done this before but i think that i would really enjoy it just knowing how much i love to talk on the phone and where the conversations go sometimes.Multiple people have told me i would do very well in this line of buisness and i believe i can and will. So if there are any oppourtunities please let me know!Thanks!(=
